

WinTV-quadHD

HD TV receivers for your PC ... Watch or record up to four TV programmes at a time!

Four tuners on one half height
PCI Express board. WinTV-quadHD
will fit in both full and half height PC's.

Watch, pause or record up to four
free-to-air HD (DVB-T2), (DVB-T)
or digital cable (DVB-C) TV
programmes at the same time.

Free-to-air HD (DVB-T2) over-the-air digital TV features:

Free-to-air HD (also called DVB-T2) is free over-the-air HD TV. Free-to-air HD is broadcast in most of the Asiapacific regions and in Europe does not require a subscription. Free-to-air HD is high definition digital TV programmes and FREE!

WinTV-quadHD has four Free-to-air HD over-the-air digital TV tuners. Supports all free-to-air HD formats, up to the highest HD format (MPEG-4 at 1080p30).

Watch, pause or record up to four Freeview HD digital TV programmes using high quality MPEG-4. TV recordings will typically consume 5 GB of disk space per hour for Freeview HD

Built-in antenna splitter allows you to make one connection to an aerial but watch and record up to 4 channels

Free-to-air HD (DVB-T) over-the-air digital TV features:

Freeview (also called DVB-T) is free over-the-air high definition TV. Free-to-air (DVB-T) is broadcast throughout Europe and in most of AsiaPacific regions does not require a subscription.

WinTV-quadHD has four DVB-T over-the-air digital TV tuners. Watch, pause or record up to four free-to-air HD digital TV programmes using MPEG-2. TV recordings will typically consume 2 GB of disk space per hour for Free-to-air DVB-T standard definition TV programmes.

Built-in antenna splitter allows you to make one connection to an aerial but watch and record up to 4 channels

Free-view DVB-C digital cable TV features:

Free-view DVB-C digital cable HDTV receivers. Watch and record up to four High Definition freeview digital cable TV channels at the same time.

Built-in cable TV splitter allows you to make one connection to cable TV.

Note: DVB-C may require third party CAM device to access content, please contact your cable provider for compatibility information.

Features
