

Media Center | Remote Control Kit

Hauppauge!

Media Center Remote Control Kit:

- Media Center Certified Remote Control Kit, with IR transmitter to control a TV set top box.
- Easy installation under Windows 7!
- Works with Microsoft's Xbox 360, too!

Add a Microsoft certified remote control Kit to your Media Center PC! Control all of Media Center's functions from the comfort of your sofa. Works with the Media Center application built within Windows 7.

If you have a satellite or cable TV set-top box connected to your HauppaugeTV product, the included Media Center IR transmitter can be used to change channels from within Media Center itself, enabling you to schedule and record your favourite TV shows all from the comfort of your sofa!

Microsoft certified remote control Kit for your Xbox 360 too! Enter a new world of digital entertainment. Play DVD movies, music and more on your Xbox 360, plus control your Media Center PC with the same controller.

System Requirements:

- Microsoft Media Center compatible PC with Vista Media Center Premium, Ultimate or Windows 7 installed.
- One free USB port.

Included in the box:

- Microsoft Media Center certified Infra-red remote control and USB receiver.
- Two AA batteries.
- One meter IR transmitter cable.
