

# ROTO LIGHT™

## ACCESSORIES GUIDE

STEALTH  
RL48

### Introducing the Rotolight RL48-B

The multi-award winning Rotolight RL48-B 'Stealth' HD LED RingLight provides naturally warm, 'shadowless' light, with studio accurate colour at 6300K, 'Daylight' 5600K, 4300K and 'Tungsten' 3200K light fast, when you need it, so you'll never miss that perfect shot. Designed for HD cinematography, DSLR photography and videography, the RL48-B Enhanced Edition is 25% brighter and features numerous upgrades over the previous model.
